CONTACT THE BUILDING DEPARTMENT FOR GREASE TRAP INSPECTIONS, PRIOR WORK TO WORK COMMENCING

Re-inspection Fees: \$75.00 for each Occurrence

Work Commencing Without a Permit: Where any work for which a permit is required is started without such a permit having been issued, the applicable fees shall be doubled. (This includes permits for Building, Electrical, Plumbing, Mechanical, Gas Etc.) The payment of such a double fee shall not prevent any people from fully complying with the requirements if all applicable codes and City Ordinances include work already performed, concealed or otherwise not inspected, nor shall it relieve them from any other penalties as may be prescribed by law.

Expiration of Permits: All permits expire 6 months after the last required inspection that has been passed, or 6 months after the date of issue if no required inspections have been approved. The Building Official may issue a 6-month extension if there is any permit, (for due cause), if requested in writing by the permit holder prior to such a permit expiring.

Lead & Asbestos Abatement: State law requires proper licensure for contractors abating Lead or Asbestos containing materials in whole or in part, including the proper disposal thereof, and the proper precautions safeguarding personnel from exposure.

I hereby certify that I have read and examined this document and know the same to be true and correct.
